I. PURPOSE

The purpose of this RFP is to solicit sealed proposals from qualified offerors to provide Job Order Contracting Services to the Newport News Public Schools, James City County, Williamsburg-James City County Public Schools, Schools, James City County Service Authority, Hampton City Schools, City of Hampton, City of Newport News, York County and York County Schools hereafter referred to as Participating Agencies.

II. BACKGROUND

Based on the Commonwealth of Virginia Department of Education's (DOE) 2016-2017 Fall Membership Report, NNPS is the ninth largest school division in the Commonwealth with approximately 28,860 students. NNPS is an urban school system educating children in 5 early childhood centers, 24 elementary schools, 8 middle schools, and 6 high schools. NNPS also provides programs for at-risk students in addition to special education programs. A listing of NNPS facilities and its locations may be accessed via NNPS' official web site at <http://sbo.nn.k12.va.us/schools>. NNPS employees approximately 5000 employees in a variety of educational, managerial, professional, technical, clerical, service and maintenance positions.

NNPS serves as lead agency to administer a joint procurement solicitation with the Participating Agencies to establish an agreement for job order contract services. This RFP will be administered and awarded in accordance with §2.2-4302.2 of the Virginia Code.

Each Participating Agency will establish and administer its own agreement in accordance with §2.2-4303.2 of the Virginia Code.

JOC is an indefinite quantity type contract that would enable each participating agency to accomplish repair, alteration, and minor new construction projects with a single competitively bid contract. JOC is based on a Unit Price Book ("UPB") of pre-priced items. Contractors competitively bid an adjustment factor that is applied to the prices in the UPB. The contractor will be asked to perform a series of projects one after the other. The price for each project will be the pre-set unit prices multiplied by the quantity multiplied by the competitively bid adjustment factor. The Participating Agencies expect that JOC will benefit its citizens by reducing overall project cost and shortening project schedules.

NNPS and Participating Agencies intend to procure a Job Order Contract (JOC) to provide indefinite delivery, indefinite quantity (IDIQ) construction services for minor construction, renovation, repair, replacement and alteration projects for schools, administrative offices, athletic facilities, other public school facilities, and other facilities located in Newport News, James City County, York County, and Hampton, Virginia. These services will be priced based upon a coefficient (multiplier e.g. .95 or 1.10) applied to pre-described and pre-priced tasks contained in the Unit Price Book (UPB).

III. STATEMENT OF NEEDS

1. PROPOSAL VOLUMES:

1.1 Proposals will consist of a Past Performance Volume, a Technical Volume, and a Cost Volume.

1.2 The Past Performance Volume shall include a description of the overall reputation of the Offeror and their business operations. It should also provide detailed information regarding the reputation of the Offeror and the Offeror's goods and services; the quality of the Offeror's goods

and services; the Offeror's past relationship with Public School divisions; and any other relevant factors. Additional information regarding what the Offeror is required to submit can be found in the Proposal Instruction's section.

1.3 The Technical Volume will provide information on the Offeror's plan to manage the JOC to include project management, subcontracting procedures and staffing. Additional information regarding what the Offeror is required to submit can be found in the Proposal Instruction's section.

1.4 The Cost Volume will provide the Contractor's coefficients for normal hours (M-F, 7 a.m. to 5 p.m.), for "other" hours (any times other than the normal hours when Participating Agencies directs the Contractor to work), and for non pre-priced work as defined in paragraph 7. below. Also provide a brief explanation of the rationale for these coefficients and the Contractor's history for submitting claims and change orders. Additional information regarding what the Offeror is required to submit can be found in the Proposal Instruction's section.

1.5 Information obtained from any volume of the proposal, or any other public source, may be used in the evaluation. Contractor shall indicate all information considered proprietary, which may not be released outside Participating Agencies.

2. UNIT PRICE BOOK

2.1 The Unit Price Book (UPB) for this Contract is the current edition of the RS Means Facilities Construction Cost Data. The Newport News, James City County, York County, and Hampton, Virginia Weighted Average City Cost Index (CCI) and the prices in the "Total, incl. O & P" column will be used. The total value of the applicable line items and their quantities will be multiplied by the City Cost Index and the designated coefficient to determine the lump sum cost of job orders. The then current version of RS Means Facilities Construction Cost Data will apply upon execution of any Contract extensions.

3. CONTRACT TERM

3.1 The initial term of this Contract is one year, commencing on the Date of Award. At its sole discretion, the Participating Agencies may exercise up to two (2) renewals of one year each.

3.2 Written notice of intent to exercise renewal options will be provided to the Contractor at least sixty (60) days before the expiration date of each term. All contract extensions must be approved by the applicable Participating Agency.

4. MINIMUM GUARANTEE

4.1 The minimum guaranteed annual value of the base term and each extension, if exercised, is \$75,000 per contract term. The maximum annual volume is estimated to be \$3 million. This is an estimate only and assumes that the Contractor's performance meets the highest possible standards of quality, responsiveness, customer satisfaction, and cost reasonableness. Participating Agencies reserve the right to use other methods as desired and necessary to accomplish similar work. NO VALUE ABOVE THE MINIMUM VALUE IS GUARANTEED.

4.2 The Contractor will not be required to accept any job orders below \$5,000 or above \$500,000.

5. NON PRE-PRICED WORK

5.1 Items that cannot be found in the UPB are considered “non pre-priced”. If an item, basically the same in “form, fit, and function” can be found in the price book, it can be used to price the line item if appropriate rationale and documentation is provided in the final line item proposal. If a like item cannot be found, the Contractor will obtain three quotes and provide them to the applicable Participating Agency’s Project Manager. The lowest price for an acceptable product will be accepted and will be multiplied by the non pre-priced coefficient only (no City Cost Index) to determine final price. Non pre-priced work or products will be added to the project cost proposal after coefficient and city cost index have been applied to the UPB prices.

6. CONTRACTOR REGISTRATION

6.1 All firms doing business in the region are required to be licensed in accordance with the Participating Agencies’ Business, Professional, and Occupational Licensing Tax Ordinance.

6.2 If a contract is for seventy thousand dollars (\$70,000) or more, or if the total value of all construction, removal, repair or improvements undertaken by the Offeror within any twelve-month period is five hundred thousand dollars (\$500,000) or more, the Offeror is required under Title 54, Chapter 11, Code of Virginia (1950), as amended, to show evidence of being licensed as a “Class A Contractor”. (Non Virginia licenses are not acceptable.)

6.3 Due to the estimated value of any resulting contract, all Offerors must be Class A Contractors. The Offeror will indicate their firm’s Class A Virginia Contractor Number, expiration date and all classifications and specialties. Offeror must maintain a current license for the term of the contract. Newport News Public Schools will not consider a response from a vendor who is not properly licensed at the time of bid submittal. All unlicensed Offerors will be deemed not qualified.

6.4 The Offeror shall provide a copy of their Commonwealth of Virginia Contractors’ License with their proposal.

7. ORAL EXPLANATIONS

7.1 Offerors are advised that oral explanations or instructions given by Participating Agencies’ personnel during the bid process, or at any time before award of a Contract, will not be binding. Any formal information given a Offeror concerning this solicitation will be furnished to all Offerors who have formally notified NNPS of their interest in bidding on this requirement by attending the Pre-Proposal Conference. The form of notification will be a written addendum to the solicitation. Written addenda will be issued when additional information is deemed necessary, and when the lack of such information may prove prejudicial to uninformed Offerors. All addenda issued pursuant to this solicitation must be signed and returned with the proposal on or before the proposal closing date and hour.

8. BONDS

8.1 The successful Offeror shall furnish a Performance Bond and a Payment Bond to Participating Agencies within fourteen (14) calendar days after receiving a copy of the executed Letter of Acceptance or a Notice of Award. The bonds shall be delivered the Issuing Office. The bonds must be issued by a surety company licensed and authorized to conduct business in the Commonwealth of Virginia. The value of each bond shall be equal to fifty percent (50%) of the estimated total volume of work under this Contract during any Contract Term (\$3 million

8.2 The Contractor shall be reimbursed for the bond premium cost upon submission of a properly executed invoice to the applicable Participating Agency.

8.3 Failure to provide the required bonds within fourteen (14) calendar days will constitute a material breach of the Contract, for which the applicable Participating Agency may terminate the Contract for cause.

- a. Any surety upon any bond furnished with this Contract becomes unacceptable to the Participating Agencies.

This plan shall address all aspects of quality control, including responsibility for surveillance of work, documentation, trend analysis, corrective action and interface with the Participating Agency Project Manager. The Contractor shall not adjust any prices from the UPB without approval of the Newport News Public Schools and Participating Agencies Project Manager. Unit Prices for which the market values have significantly risen in price over the UPB will be considered for price adjustment by the Newport News Public Schools and Participating Agencies Project Manager at the request of the contractor.

4. SCHEDULING OF WORK:

4.1 For each project, the applicable Participating Agency will issue a Purchase Order that will serve as a "Notice to Proceed". 23. REJECTION OF INFERIOR MATERIAL

23.1 An inspection and approval of the materials by the Project Manager shall not in any way subject the Owner to pay for any portion of the materials, even if said materials, incorporated in the work, turn out to be unfit. Such inspection shall not be considered as any waiver of objection to the work on account of the unsoundness of the material used.

24. EXAMINATION OF DEFECTIVE WORK

24.1 If required by the Project Manager under execution of this Contract, the Contractor shall at any time pull down or undo any part of the work and make such openings as may be required for the Project Manager to make proper inspection and the Contractor shall make good again the work so pulled down, undone or opened to the Project Manager's satisfaction. If the work is found faulty, in any respect, the whole of the expenses incurred shall be incurred by the Contractor, but if the work be found not faulty by the Project Manager, the expenses thereby incurred shall be incurred by the Owner.

24.2 The Owner has the right to make inspections and tests, as deemed advisable, to ensure the requirements of the specifications are being fulfilled. Should it be found that the standards specified are not being satisfactorily maintained, the Owner may demand the Contractor take the steps necessary to meet those requirements. If the Contractor fails to respond to such demands, Participating Agencies may terminate the Contract for cause, in accordance with General Terms and Conditions. In this event, Participating Agencies may enter into an agreement with others and the Contractor will be liable to Participating Agencies for costs in excess of the original project amount.

25. INSPECTION

25.1 All work and materials shall be subject to a final inspection by an authorized representative of the applicable Participating Agency. Any omission or failure on the part of the Participating Agency Representative to disapprove or reject inferior or defective work or materials shall not be construed to be an acceptance of any such work or material. If any defective work or material is found during inspection, the Contractor shall remove or repair, at their own expense, such defective work or material rejected and shall rebuild and/or replace same without extra charge.

25.2 If the Contract Documents, the Owner's or his agent's instructions, or laws, ordinances or regulations of any public authority require any work to be tested or approved, the Contractor shall give the Owner or his agent timely notice of its readiness for inspection by the proper authorities. If any such work shall be covered up without approval or consent, it must, if required by the Owner or his agent or other proper authorities, be uncovered for examination at Contractor's expense.

26. PROJECT SITE CLEAN UP

26.1 The Contractor shall at all times keep the premises and adjacent areas free from accumulations of waste material or rubbish. Work in interior areas will be cleaned daily at the end of the work shift. At the completion of the work, the Contractor shall remove from and about the premises and adjacent areas, all rubbish, tools used for work and surplus materials and shall have the area "Broom Clean" and ready for use. The cost for clean-up will be included in the coefficient and will not be included as a line item in the unit price proposal.

26.2 In case of a dispute, the applicable Participating Agency may remove rubbish or otherwise clean up, and may charge the Contractor either by deduction from amounts unpaid to the Contractor, or by other means with such cost as the Participating Agencies' Project Manager shall determine to be fair and equitable.

27. PAYMENT

27.1 Participating Agencies shall make progress payments monthly as the Work proceeds, or at more frequent intervals as determined by the applicable Director of Facilities or Plant Services, on estimates approved by the Participating Agencies' Project Manager. The Contractor shall

furnish a breakdown of the work completed by each division from the Unit Price Book. In the preparation of estimates, the Participating Agencies' Project Manager may authorize material delivered on the site and preparatory work done to be taken into consideration if:

- a. Consideration is specifically authorized by this Contract, and;
- b. The Contractor furnishes satisfactory evidence that he has acquired title to such material and that the material will be used to perform this Contract.

27.2 In making these progress payments, there shall be retained five percent (5%) of the estimated amount until final completion and acceptance of the Work. However, if the Project Manager finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Project Manager may authorize payment to be made in full without retention. When the Work is substantially complete, the applicable Director of Facilities or Plant Services shall retain an amount that they consider adequate protection of the applicable Participating Agency and may release to the Contractor all or a portion of any excess amount.

27.3 Participating Agencies shall pay the amount due the Contractor under this Contract after:

- a. Completion and acceptance of all work;
- b. Presentation of a properly executed invoice; and,
- c. Presentation of release of all claims against the applicable Participating Agency arising by virtue of this Contract, other than claims, in stated amounts, that the Contractor has specifically accepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this Contract have been assigned. The Contractor shall complete a "Contractor's Release" and "Contractor's Affidavit of Payments and Claims", or other Contractor's release form acceptable to Participating Agencies.

27.4 The Contractor shall submit invoices, in duplicate, to the applicable Participating Agency at the address identified in the Agency Contract.

27.5 The Contractor shall pay subcontractors within seven (7) days or less after receiving payment from the applicable Participating Agency.

27.6 Separate invoices are required for each Purchase Order and each invoice shall contain the Contract Number, Project Number, and Purchase Order Number.

27.7 Participating Agencies are exempt from payment of any and all Sales Tax. A certificate of exemption and exemption number will be furnished to the Contractor. Contractor's proposals should not contain assessment of any of these taxes. Contractor's proposal shall also not include any mark-up for material or equipment beyond the unit price in the Unit Price Book.

27.8 Payment shall be considered made when the applicable Participating Agency deposits the Contractor's payment in the mail. Payments will be made within fifteen (15) calendar days provided the requirements of these payment provisions are met.

28. OWNER'S RIGHT TO WITHHOLD PAYMENTS

28.1 The Owner may withhold from the Contractor so much of any approved payments due him as may, in the judgment of the Owner be necessary:

28.2 To assure the payment of just claims then due and unpaid of any persons supplying labor or materials for the work;

28.3 To protect the Owner from loss due to defective work not remedied or;

28.4 To protect the Owner from loss due to injury to persons or damage to the work or property of other contractors, subcontractors or others, caused by the act or neglect of the Contractor or of any of his/her subcontractors. The Owner shall have the right as Agent for the Contractor, to apply any such amounts so withheld in such manner as the Owner may deem proper to satisfy such claims or to accrue such protection. Such applications of such money shall be deemed payments for the account of the Contractor.

29. ACCEPTANCE OF FINAL PAYMENT CONSTITUTES RELEASE

29.1 The acceptance by the Contractor of the final payment constitutes a release to the Owner of all claims and of all liability to the Contractor for all work or materials furnished in connection with this agreement and for every act and neglect of the Owner and others relating to or arising out of this work, excepting the Contractor's claims for interest upon the final payment if this payment is improperly delayed. No payment, however, final or otherwise, shall operate to release the Contractor or his sureties from any obligations under this Contract or the Performance Bond.

30. WARRANTY

30.1 All work provided under this Contract shall have, as a minimum, a one (1) year warranty from the date of final acceptance thereof against any latent defects, design, materials, workmanship, installation, fraud, or such gross mistakes, as may amount to fraud. Copies of warranties shall be submitted to the Project Manager after completion of work.

30.2 When defective work and/or materials are found during the warranty period, the Project Manager shall notify the Contractor, in writing, and the Contractor shall respond with seven (7) calendar days of the notification. Upon receipt of notice from the Owner of failure of any item or appurtenance thereto or signs of deterioration during the warranty period, the Contractor shall, at their own expense, promptly adjust, repair or furnish and install necessary replacement parts of design, workmanship, materials approved by the Owner or replace the complete item.

Pendency of claims shall not delay payment of amounts agreed due in the final payment.

KK. Warranty/Guarantee:

Successful Offeror guarantees against defective or faulty material or workmanship for at least one (1) year or for the manufacturer's standard warranty period, whichever is greater, from date of acceptance by NNPS. To furnish adequate protection from damage for all work and to repair damages of any kind for which Successful Offeror or Successful Offeror's workmen are responsible, to the building or equipment, to Successful Offeror's own work, or to the work of others. Any amounts due NNPS under the terms of this or any other agreement may be applied against Successful Offeror's invoices with documentation for the basis of the adjustment attached. In no event shall any interest penalty or late fee accrue when payment is delayed because of disagreement between NNPS and Successful Offeror regarding the quantity, quality, time of delivery, or other noncompliance with the contract requirements for any Product or Service or the accuracy or correctness of any invoice. Payment terms offering a "prompt payment discount" of 20 days or greater will be considered in the evaluation of Proposals. All other payment terms shall be net thirty (30) calendar days or greater. Payment terms not specified by Offeror shall be Net 45 days.

Special Educational or Promotional Discounts

Successful Offeror shall extend any special educational or promotional sale prices or discounts immediately to NNPS during the term of the contract. Such notice shall also advise the duration of the specific sale or discount price.

MM. Prompt Payment:

NNPS will promptly pay for completed, delivered goods or services accepted under this Contract by the payment date established. The required payment date will be either: (i) the date on which payment is due under the terms of this Contract for the provision of the goods or services; or (ii)

if a date is not established by this Contract, not more than forty-five (45) days after goods or services are received or not more than forty-five (45) days after the invoice is rendered, whichever is later.

Within twenty (20) days after the receipt of the invoice or goods or services, NNPS shall notify the supplier of any defect or impropriety that would prevent payment by the payment date. Should NNPS fail to pay the Contractor by the pay date, finance charges may be assessed by the Contractor. Unless otherwise provided under the terms of this Contract, interest will accrue at the rate of one percent (1%) per month. This will not apply to late payment provisions in any public utility tariffs or public utility negotiated Contracts. Contractor shall include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.

In cases where payment to Contractor is made by mail, the date of postmark shall be deemed to be the date payment is made for purposes of this Contract.

Individual Contractors shall provide to NNPS their social security numbers and proprietorships, partnerships, and corporations to provide their federal employer identification numbers.

Within seven (7) days after Contractor receives payment from NNPS, Contractor shall take one or more of the following actions:

2. Notify NNPS and all affected subcontractors, in writing, of Contractor's intention to withhold all or a part of each affected subcontractor's payment including the reason for nonpayment.
3. Pay interest to the subcontractor on all amounts owed by the Contractor that remain unpaid after (7) seven days following receipt by the Contractor of payment from NNPS for work performed by the subcontractor under that Contract, except for amounts withheld, as allowed in #2 above.

A Contractor's obligation to pay an interest charge to a subcontractor pursuant to the payment clause in this section shall not be construed to be an obligation of NNPS. A Contract modification will not be made for the purpose of providing reimbursement by NNPS for interest charges owed by Contractor. A cost reimbursement claim to NNPS shall not include any amounts for reimbursement of interest charges owed by Contractor.

NN. Payment by Electronic Funds Transfer (EFT)

(a) Method of payment.

(1) All payments by Newport News Public Schools (NNPS) under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a) (2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event NNPS is unable to release one or more payments by EFT, the Contractor agrees to either—

- (i) Accept payment by check or some other mutually agreeable method of payment; or
- (ii) Request NNPS to extend payment due dates until such time NNPS makes payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Contractor's EFT information.

- (1) The Contractor is required to provide NNPS with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the NNPS Accounting Department (hereafter referred to as “Accounting”) *no later than 15 days prior to submission of the first request for payment*. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the Accounting.
- (2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to Accounting.
- (c) *Mechanisms for EFT payment.* NNPS may make payment by EFT through the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association
- (d) Suspension of payment.
- (1) The NNPS is not required to make any payment under this contract until after receipt, by Accounting, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract.
- (2) If the EFT information changes after submission of correct EFT information, NNPS shall begin using the changed EFT information no later than 30 days after its receipt by Accounting to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by Accounting. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor’s request for suspension shall extend the due date for payment by the number of days of the suspension.
- (e) Liability for uncompleted or erroneous transfers.
- (1) If an uncompleted or erroneous transfer occurs because NNPS used the Contractor’s EFT information incorrectly, NNPS remains responsible for—
- (i) Making a correct payment;
 - (ii) Paying any prompt payment penalty due; and
 - (iii) Recovering any erroneously directed funds.
- (2) If an uncompleted or erroneous transfer occurs because the Contractor’s EFT information was incorrect, or was revised within 30 days of NNPS’ release of the EFT payment transaction, and—
- (i) If the funds are no longer under the control of Accounting, NNPS is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or
 - (ii) If the funds remain under the control of Accounting, NNPS shall not make payment and the provisions of paragraph (d) shall apply.
- (f) *EFT and prompt payment.* A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.
- (g) *EFT and assignment of claims.* If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to Accounting, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to NNPS, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent.* NNPS is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) *Payment information.* Accounting shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. NNPS may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods Accounting is capable of executing. However, NNPS does not guarantee that any particular format or method of delivery is available and retains the latitude to use the format and delivery method most convenient to NNPS. If NNPS makes payment by check in accordance with paragraph (a) of this clause, NNPS shall mail the payment information to the remittance address in the contract.

(j) *EFT information.* The Contractor shall provide the following information to Accounting. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

(2) The Contractor's name and remittance address, as stated in the contract(s).

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.

(5) The Contractor's account number and the type of account (checking, saving, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.

(7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment.
